GLAMPING TENTS 2023 SUMMER

GLAMPING SUMMMER 2023

Glamping tent is a good solution for outdoor accommodation, no matter whether it is windy or rainy; we don't need to worry about these. The rain load or wind load are evaluated by a professional team, and the winding road at least 50km/h to 80km/h. In addition, the inner facilities are available, such as beds, table, chairs, lighting and so on which are standards of hostels. Glamping tent will give you a different experience for outdoor accommodation.

Regarding installation and transportation, Glamping tents are not limited by ground site and no needs for the ground foundation. Whether it is in the mountains or the plains, we can meet the needs of customers and customize it privately. Fast construction, Glamping tent is a temporary hostel building, which is cheaper than concrete construction and quicker procedures. Construction and dismantling can be completed in one day, saving a lot of unnecessary time.

TICKETING & ADMISSION 2023

TICKETING/ADMISSION 2023

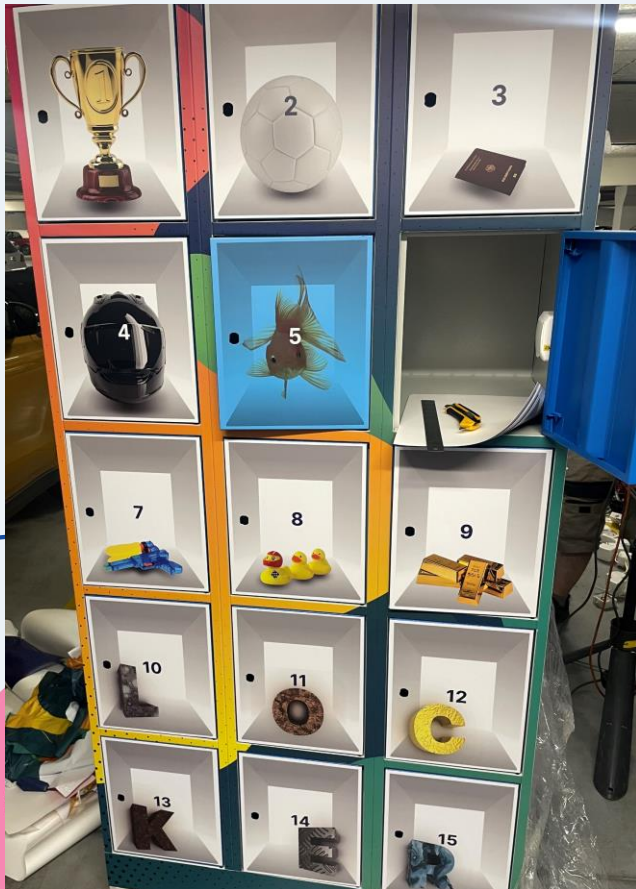

Ticketing partners can send transactions to Backstage on-the-fly, as they happen. Through our API platform partners can query products, prices, marketing information and ticket availability straight from Backstage. Tickets sales are aggregated from all sources, giving organizers instant information on sales from partners.

Accreditation is the way to keep track of all professional tickets, Backstage includes process management features for handling staff, guest, volunteer and many more non-visitor tickets. We have processes for the approval of accreditations, ticket personalization, and sending out vouchers in a controlled, trackable way. Wristband exchange and access control management also covers professional tickets during the event.

LOCKER SUPPLY 2023
